

## Priory College Swindon *Kick Start Programme*

*Kick Start your education - Kick Start your employability*

**PRIORY**  
EDUCATION SERVICES

Priory College Swindon

*Gain the confidence and qualifications needed to for the next step whether that is in to mainstream education or employability.*

Core Curriculum is made up of APT Units, Maths and English\*. The programme can lead to an Award or a Certificate from Entry Level 1 right up to Level 2 depending upon what level you are working at.

### Bespoke and Flexible

Courses are individually tailored to suit each student. There are core mandatory modules but there are lots of other options to pick from that will match your interests. Optional modules include managing money, communication, teamwork.....

### Maths and English (Numeracy and Literacy)

Every course has maths and English embedded in to the programme. Students who have not yet gained a Level 2 qualification in Maths and English will have weekly sessions in each subject. The focus is to improve grades as well as learning the practical and functional skills that support everyday life.

### Enrichment Options

Alongside your main course there are options to get involved with a number of enrichment projects. These run alongside the main course and offer the ability to develop key skills such as team work, communication as well as doing something fun and rewarding: **Enrichment Options include:**

- Our Monthly published Newsletter – *Awesome Autism*
- Weather Station – collect data, learn how to use a spreadsheet and basic statistics
- Be a part of running our breakfast club as a small business. Students get to spend the profit they make on a group activity

*Unique services for unique young people...*
