

Farleigh Further Education College Frome

Farleigh Further Education College Frome is an independent specialist residential college for young people aged 16 to 25 years with Asperger syndrome, high-functioning autism, social and communication difficulties, and associated conditions.

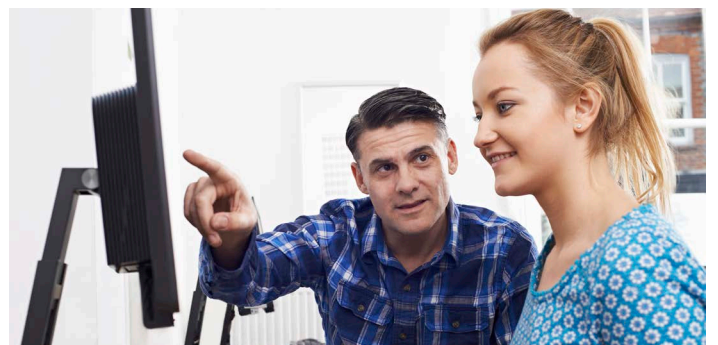

After a recent multi-million pound investment, the college now has sector leading residential accommodation within the local community, including semi-independent living flats. This provides opportunities for developing independence and social skills, so that our students are effectively prepared for adulthood.

We aim to provide every young person with an individually tailored programme of education, care, work experience, leisure and life skills, and training within the community, to enable them to develop the confidence and skills they need to progress towards adulthood and independent living.

Our services

- A wide and varied 24 hour curriculum to meet the individual needs of all learners
- Individually tailored programmes for education, social and personal development
- Personalised work based learning programmes – including employability qualifications and NVQs
- Support to develop strategies that assist with anxieties
- Access to occupational therapy, speech and language therapy, art therapy, behavioural therapy and counselling
- Provision of a positive, safe and independent living environment to bring about a positive change

The college supports young people in three main ways

- An in-house academic programme, including functional skills, entry level programmes, GCSE and A-Level courses
- Support in local mainstream further education colleges, including A-Level and BTEC courses
- Vocational and work based learning in the local community

Quality of provision

Farleigh Further Education College Frome is inspected by Ofsted and is graded as Good. As part of the Priory Group, the college undergoes extensive internal reviews of quality and compliance against Ofsted outcomes.

“Students receive excellent, sensitive support from managers, tutors and support staff in classes, on work experience and in their places of residence. All students follow individualised timetables that support their progress very well.” Ofsted

“Students enjoy attending lessons and being at the college and the residences. They participate in a wide range of social activities which provide them with good opportunities to socialise. They improve their interpersonal and social skills well.” Ofsted

Positive outcomes

The young people leaving Farleigh Further Education College Frome progress onto a variety of pathways, including the workplace and further education and training.

The college has demonstrated positive outcomes for its leavers over several years. These include:

100% of young people engaged in age appropriate independence programmes

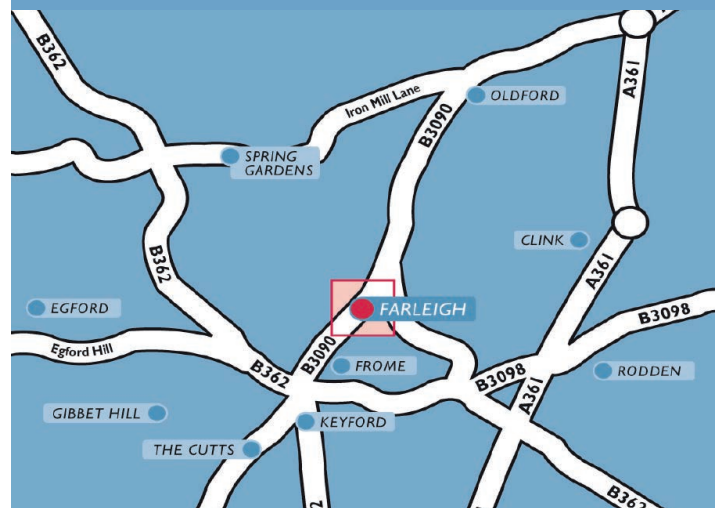

100% of young people manage their own budgets or contribute to budget planning

100% of residential young people take part in clubs or social groups in the community

100% of students access regular key worker sessions
