

Newbury Manor School

Newbury Manor School is a specialist school for young people aged between 7 and 19 years, who have autistic spectrum disorders (ASD).

Our tailored approach means that we are able to support young people with a wide range of needs, from those who are broadly average in their ability to others who have more severe learning difficulties.

We accept that young people who are referred to us may have previously experienced a 'cycle of failure' and our aim is to have a transformational impact on their lives, through experiencing our 'culture of success.' We support all young people to achieve successful adult outcomes so that they can lead fulfilling and rewarding lives.
